Agenda

- 1. Welcome and Update from LGMA** Paul Murray, President
Nancy Taylor, Executive Director
- 2. *Water Sustainability Act* in BC** Olga Rivkin, Bull, Houser & Tupper

The Water Sustainability Act and associated regulations came into force in February, 2016. In the years leading up to the adoption of the Water Sustainability Act, the Province consulted with various stakeholders, including local governments. The presentation will revisit key concerns raised by local governments during the consultation process and discuss if and how these concerns have been addressed. In particular, the discussion will centre on licensing groundwater, regulating domestic groundwater wells, protecting water resources and the watershed.
